

2BU Studios – Comic Book Animator Adventure Party

Comic Book Animator Adventure Party (ages 6 and older): This party is specially designed for your young animator that loves comic books and loves to draw. The comic book animator adventure party experience allows your artist and his/her friends to create their own comic books. First they will learn some of the basics related to drawing comic book characters. Then they will then use these learnings to create their own heroes, herons, villains, and settings as they develop their own comic book adventure. Every party animator will take home their own comic book which will serve as a memory of their animator experience.

Animator Release Party Package

\$299

The **Release Party** is specially designed for young drawers who want the premium animator experience. Our standard package, the party group will be able to choose between a standard and blank cover for their books.
